

World Sailing Committees

Olympic Classes Sub-committee - Submissions - Regulation 15.1

A submission from the Chairman of the World Sailing Classes Committee

Purpose or Objective

To enable the Olympic Classes Sub-Committee to make submissions.

Proposal

Amend Regulation 15.1 as below:

15.1 Submissions may be made by:

Member National Authorities, World Sailing Class Associations, the Board, the Chairmen of Committees **and the Olympic Classes Sub-committee** established by Council, International or Recognized Rating Systems, the Chairman of the Women's Forum and the President.

Current Position

As above.

Reasons

1. To allow the Olympic Classes Sub-Committee (OCSC) to make submissions.
 2. The work of the Olympic Classes Sub-committee is very specific to Olympic issues, and it may not be appropriate for the parent Committee, being the World Sailing Classes Committee, to debate and decide submissions on matters that just affect the Olympic classes.
