

World Sailing Regulations

Regulation 8.12 – Information Technology & Tracking Commission

A submission from the Board

Purpose or Objective

To wind up the Commission.

Proposal

Delete Regulation 8.12 and re-number accordingly.

Current Position

Current Regulation 8.12

Reasons

1. The ITTC has undertaken useful work since its creation and has enabled World Sailing to review to move forward with important IT projects (such as the XRR regatta reporting format).
 2. Following constructive discussions between the Board, the Chief Executive Officer and the Chairman of the Commission, the Board has agreed the next phase of information technology work will be led and advised by the Executive Office with appropriate input and expertise from external professional advisers.
 3. The Board thanks the members of the ITTC for their hard work and commitment over the years.
