

### **Reinstatement of Multihull Committee**

A submission from the International Formula 18 Class Association (IF18CA)

**Proposal:**

The International Formula 18 Class Association (IF18CA) requests that the ISAF Multihull Committee be re-instated.

**Current Position:**

Establishment of Multihull Commission

**Reason:**

The Council of the IF18CA wishes to applaud the establishment and support the newly created Multihull Commission but feels that this new body does not possess the authority in its constitution that the Multihull Committee practiced and this is a diminution of influence within the ISAF Council of a large proportion of the sailing community. The re-establishment of the Multihull Committee should include equally male and female members who enjoy a broad experience and not be based upon narrow class representation.
