

ISAF Learn to Sail Programme

Recognition Kiteboarding

A submission from the Royal Netherlands Yachting Union

Purpose or Objective

We would like ISAF to create safety guidelines for Kiteboarding, a ISAF learn to Sail programme for Kiteboarding and when there are safety guidelines for Kiteboarding an ISAF recognized training accreditation for our kiteboard programme.

Proposal

ISAF Learn to Sail Training Programme to include Kiteboarding guidelines

ISAF Recognized Training Accreditation for Kiteboarding training programmes

Current Position

At the moment there is no ISAF Learn to sail training programme for Kiteboarding.

There are no safety guidelines from ISAF.

There is no MNA which has an ISAF Recognized Training Accreditation for Kiteboarding.

Reasons

1. Safety of kiteboarders in general.
 2. Kiteboarding is a growing sport which will be safer.
 3. Prevent dysfunctional regulation by the government and create workable guidelines and regulation by ISAF.
