

Equipment Rules of Sailing

C.5.2 Skipper

A submission from the Chairman of the Equipment Committee

Purpose or Objective

To remove the definition of Skipper in the ERS.

Proposal

~~C.5.2 Skipper~~

~~The crew member on board who is in charge of the boat and the crew and all other persons aboard.~~

Current Position

As above

Reason

1. The definition of Skipper in the ERS is not invoked in class rules and is confusing with respect to the RRS definition of a "Person in Charge". It is appropriate for the RRS to define this.
