

2024 Olympic Sailing Competition

Gender Equality

A submission from the Board

Purpose or Objective

To ensure gender equality at both an Event and athlete level for the 2024 Olympic Sailing Competition.

Proposal

At the 2024 Olympic Sailing Competition there will be gender equality at an Event and athlete level.

Current Position

At the Tokyo 2020 Olympic Sailing Competition there will be gender equality at an athlete level only and not at an Event level.

Reasons

1. Sailing is a sport that is practiced by women all around the world.
 2. To make a policy decision now on gender equality at the 2024 Olympic Games that reflects the IOC Agenda 2020 recommendations.
 3. The IOC is committed to gender equality by ensuring 50% female participation in the Olympic Games and stimulating women's participation and involvement in sport. See IOC Agenda 2020 recommendation 11.
 4. To ensure that at the 2018 Mid-Year meeting this policy is followed to help with the Submission process.
 5. To help the relevant Committees make their final recommendations on the Events and Equipment selected for the 2024 Olympic Sailing Competition.
