

The Equipment Rules of Sailing

C.3.4 Certification Mark

A submission from the Chairman of the Equipment Committee

Proposal

Amend as follows:

C.3.4 Certification Mark

Proof of successful **certification control** of a part requiring **certification**, ~~attached or made by an official measurer.~~ as required by the class rules or a certification authority.

Current Position

As above.

Reason

To reflect actual practice. The class rules or certification authority prescribe how certification marks should be applied.
