

**The Equipment Rules of Sailing**

C.4.4 Official Measurer

A submission from the Chairman of the Equipment Committee

**Proposal**

Amend as follows:

**C.4.4 Official Measurer**

A person appointed or recognised, by the MNA of the country where the control takes place, to carry out **certification control** and when the **class rules** permit, **certification**.  
An MNA may delegate this responsibility.

**Current Position**

As above.

**Reason**

To reflect actual practice in countries where MNAs may not get involved in certification control. This is often delegated to the class associations for example.
