

### **2012 Olympic Sailing Competition - Events**

A submission from the International Formula 18 Class Association

**Proposal:**

ISAF formally and publicly request to IOC that the 11th event to be re-instated for the 2012 Olympic Games.

**Current Position:**

None.

**Reason:**

1. International Formula 18 Class Association Council believes it is imperative that multi-hull sailing, being one of the five disciplines, be included as it covers a wide range of sailors and countries, both traditional and emerging.
2. This proposal agrees with IOC requests that have been made to ISAF for more exciting exposure for worldwide internet and television, International Formula 18 Class Association understanding this situation as Formula 18 World Championships attract 1m plus internet contacts.
