

Equipment Rules of Sailing

H.5.4 SAIL CORNER CUT-OUTS

A submission from the Chairman of the Equipment Committee

Purpose or Objective

To instruct what an official measurer and an equipment inspector shall do when sail edge extensions at a sail corner are uncertain.

Proposal

H.5.4 Extending Sail Edges at a Sail Corner Cut-Out

If the sail edge extensions at a corner cut-out are uncertain an official measurer at certification control shall refuse to certify the sail and an equipment inspector at an event shall reject the sail. See G.4.

Current Position

None

Reason

1. This is not explained in the current ERS.
