

Protest Form

Race Office Signature

A submission from The Royal Netherlands Yachting Union

Proposal

Replace “Signature” with “Initials” in the header on the first page:

Received by race office: Number.....Date and time Signature Initials.....

Current Position

As above.

Reason

The reason for the race official’s signature on the form is to identify who accepted the form and wrote the date and time on it. Initials serve this purpose better than a signature. Initials are easier to read and also save space on the form.
