## **EVENTS COMMITTEE (CONT).**

- (b) Nation Qualification System for the 2012 Olympic Sailing Competition.

**Recommendation to Council: Approve**

The Events Committee recommended that Council adopt the following policy for the 2012 Olympic Sailing Competition:

"There shall be two nation qualification regattas for the 2012 Olympic Sailing Competition. These shall be the 2011 ISAF Sailing World Championships and a class World Championship (or major continental championship agreed with ISAF) held in 2012 before 1 June 2012. 75% of each event's entry quota shall be qualified from that event's 2011 ISAF Sailing World Championships. 25% of each event's entry quota shall be qualified from that event's 2012 World Championships (or major continental championship agreed with ISAF). Those NOCs already qualified from the previous qualifying events shall not be considered."

This is the same policy adopted by Council for the 2008 Olympic Games. The principle of 2 country qualification events prior to an Olympic games using the ISAF Sailing World Championships and a following major class championship has worked well since introduced for the 2004 Olympic Games.

The 2011 ISAF Sailing World Championships is the pinnacle ISAF event and should be the major nation qualifying regatta for the 2012 Olympic Sailing Competition.

The decision should be made now to allow potential host countries and class associations to organise and plan events in what is a very small time window in 2012.

At the 2008 ISAF Mid-Year Meeting in Qingdao the Events Committee made the following recommendation to Council when reconsidering deferred submissions 123-07 and 126-07:

Recommendation to Council:

The Events Committee recommends to reject submission 123/07 & 126-07 as the Events Committee feels that this is not the correct time to consider holding the ISAF Sailing World Championship every two years mainly due to the introduction of the Sailing World Cup in 2009. Other concerns are that there are not enough suitable venues to hold this event.
