

Racing Rules of Sailing

Case Book for Radio Sailing

A submission from the Chairman of the Racing Rules Committee

Purpose or Objective

World Sailing is to publish interpretations of the racing rules specific to radio sailing competition.

Proposal

World Sailing is to publish a Call Book with interpretations for radio sailing racing based on the existing publication entitled "A Case Book for Radio Sailing". This is subject to any necessary copyright being assigned to World Sailing.

Current Position

World Sailing has no interpretations of the racing rules that are specific to radio sailing competition.

The existing case book can be found

<https://www.radiosailing.org/documents/category/267-interpretations>

Reasons

1. To provide authoritative interpretations of the racing rules as they apply to radio sailing competition.
 2. To ensure the future maintenance of the case book.
 3. To make full use of the work done by many people in creating the existing case book.
