

## INTERPRETATION OF THE INTERNATIONAL CADET CLASS RULES

The following interpretation to the Cadet Class Rules has been requested by the Chief Measurer of the International Cadet Class. The following response has been made in accordance with ISAF regulation 10.12. This interpretation is effective from the date stated at the bottom of this document.

**Question:** For a boat whose date of initial measurement was before 1<sup>st</sup> March 2009 and which has not been subject to a Relevant Alteration or Repair (as defined in Rule D.1.3) what do the current Class Rules require of its measurements specified in Rule D.1.7 which were not specified in the Cadet Mark IV Specification/Measurement Supplement 2005?

**Answer:** No subject to any restriction.

*Issued Date: 18th April 2011*
