

ISAF - Radio Sailing Division Report

The Radio Sailing Division represents the International One Metre Class, the International Marblehead Class, the International Ten Rater Class and the International A Class.

As previous years One Metre Class has been the greatest and most active class, but we have seen an increase in Ten Rater activities.

The major event 2008 is the One Metre Europeans 17-26 October in Dubrovnik, Croatia. 73 sailors representing 17 different countries are entered.

The RSD Technical Committee has during the year approved changes to Marblehead class rules.
