

## **2020 Olympic Sailing Competition**

### Showcase Events

A submission from the Chairman of the Events Committee

#### **Purpose or Objective**

To propose that the World Sailing Board and Executive Office should propose Showcase Events to the IOC for inclusion at the Tokyo 2020 Olympic Games.

#### **Proposal**

1. The Board and Executive Office should propose any showcase events that are approved by Council to the International Olympic Committee (IOC) for inclusion at the Tokyo 2020 Olympic Sailing Competition.
2. The Board and the Executive Office have authority to negotiate the inclusion of 'Showcase Events' with the IOC.
3. The quotas, format and other details for the 'Showcase Events' should be finalised by the Events Committee following consultation with any relevant World Sailing committee or class.

#### **Current Position**

There were no showcase events at the 2016 Olympic Games.

#### **Reasons**

1. The IOC has indicated that international federations may propose options for 'Showcase Events' at the 2020 Olympic Games.
  2. World Sailing should take the opportunity to include 'Showcase Events' at the 2020 Olympic Games with a view to including these events on the 2024 Olympic Games event programme.
