Furthermore it gave the foreigners the opportunity to see something of Japan.</p> <p>2) VENUE SUITABILITY FOR FUTURE WORLDS?</p> <p>ASHORE: Absolutely suitable for future worlds</p> <p>AFLOAT: Due to the circumstances as deep water and tide, it is difficult for the race committee to respond quickly to changes, like windshifts.</p> <p>3) STANDARDS/ LEVEL OF RACING?</p> <p>High standards. High level of racing.</p>

Please state any recommendations for future World Championships	Schedule the championship one or two weeks later, because of the changing weather at the end of the rain season. Early August is better than middle/late June.
