

INTERPRETATION 001-15

Question 1

Knowing that Article 12 of the ISAF Constitution is under the title of “SUBSCRIPTIONS” (Article 10 to 13) can an “agreed contribution remaining unpaid” (nothing related to a subscription) be considered under this Article to justify the rejection of the privileges or rights of membership of a Full Member and, consequently, the rejection of two valid submissions properly submitted?

Answer 1

No. The loss of membership rights under Article 12 arises from the non-payment of subscriptions only, and not from the non-payment of other monies due to the Federation.

Question 2

If the answer to the question 1 is “yes”, can it be that the ICA members or the Affiliate Members of ISAF have more rights when in arrears than a Full member as it’s written differently and more accurately in Article 13 of the ISAF Constitution?

Answer 2

Not applicable.
