

## **2012 Olympic Events**

A submission from the Executive Committee

### **Proposal:**

That Council reaffirm their decision on the 2012 Olympic Events made in November 2007 by a simple majority vote.

Upon reaffirmation, the matter will be concluded and all submissions made whether accepted as urgent or not urgent, will be considered to have been dealt with.

Should Council vote not to reaffirm the decision, two separate votes will then follow:

1. Should the selected events for the Men be changed – A majority of two thirds will be required to effect any change as per Regulation 16.1.3 (a).
2. Should the selected events for the Women be changed – A majority of two thirds will be required to effect any change as per Regulation 16.1.3 (a).

In case one or both of the votes under 1 and 2 above achieve the required majority, the 'new' decisions on the list of events for the 2012 Olympic Events shall be made in November 2008 and submissions on the events can be made in accordance with Regulation 1.

### **Current Position:**

See above.

### **Reason:**

Due to the degree of correspondence since the Council decision in November 2007 plus the submissions lodged by 15 MNA and 2 Class Associations, the Executive submit that Council be requested to reaffirm their decision on the events for the 2012 Olympic Sailing Competition made in November 2007. This will then bring to a close any concerns over the Council decision.

In case one or both of the votes under 1 and 2 above achieve the required majority, submissions on the events can be made in accordance with Regulation 1. This would include the submissions made for the Mid-Year Meeting which were deemed not urgent, which will become ordinary submissions received before the 1 August submission deadline.
