Organisation quality	Excellent
Venue good and bad points (1) ashore and (2) afloat	1. ASHORE: Good – very friendly and helpful office staff and club staff in general.- Bad – The club is looking at fully refurbishing the venue. The changing rooms and toilet facilities are getting a bit old. But they have the right ideas going forward! 2. AFLOAT: Good – varied conditions allowed for a challenging regatta for all. Note, the IRO and jury were exceptional. - Bad - Nothing
Please state any recommendations for future World Championships at (1) the same venue and (2) generally in terms of logistic of running a World Championship (not venue specific points)	1 . N/A 2. International shipping costs (and corresponding exchange rates) has a major effect on maintaining World Sailing minimum countries and continents and it is not possible for a class to predict the worldwide economy. As an example, 3 years ago the Perth (AUS) fleet were coming to events worldwide, now some have lost their jobs and are only sailing locally and not travelling at all.
