Q&A 2010-23

Published: 9 June 2010

Situation:

At the end of a series, boat A and boat B had the same total score and the same race scores when listed in order of best to worst.

In one of the races both boats received 3 points:

Boat A received 3 points according to her position when crossing the finishing line, and boat B received her 3 points as RDG.

Question 1:

For purpose of tie breaking, does a score based on a boat's finishing position in a race have equal standing as a score given as redress to a boat that did not cross the finishing line?

Answer 1:

Yes, rule A8 refers to race scores. How the scores were acquired is irrelevant.

Question 2:

Would the answer be the same if the boat that was given redress had actually finished the race?

Answer 2:

Yes, see answer 1.
