[NP] Athlete Media Guide

1. GENERAL

- 1.1. This Athlete Media Guide (AMG) outlines the media environment that will be in operation during the Rio 2016 Paralympic Sailing Competition, and sets out how athletes will engage with media and associated obligations.
- 1.2. The AMG shall apply from 31 August 2016 to 17 September 2016.
- 1.3. By participating in the event, athletes automatically grant to the Organizing Authority, their sponsors and World Sailing the right in perpetuity to make, use and show, from time to time at their discretion, any motion pictures and live, taped or filmed television, audio and other reproductions of the athlete during the period of the competition without compensation.
- 1.4. The Notice of Race (NoR), Sailing Instructions (SIs) and other supporting documents on penalties clarify the media obligations where penalties will be applied. These are referenced by [SP] (standard penalty) or [DP] (discretionary penalty) in this document.
- 1.5. Supporting documents that will provide more information to athletes include the provisional course allocation plan, tracking system and on-board camera guidance documents.
- 1.6. The spectator area on the Flamengo Beach will host up to 3,500 ticketed spectators each day. It is expected that many more non-ticketed spectators will watch the sailing event from the Flamengo Beach and other vantage points around the Sailing Competition Areas. The Organizing Authority course allocation strategy aims to provide a good spectator experience whilst providing excellent racing.
