<p>Please state any recommendations for future World Championship events</p>	<p>(1) At the same venue: This venue, with its experienced Race Officials, is excellent, and we recommend it for future events. The lake and the racing site can accommodate a large fleet of smaller boats.</p> <p>(2) Generally in terms class logistic of running a World Championship? (not venue specific points) It was a far distance to get loaner boats to the venue (north of Berlin), and to get competitors to travel to from other areas of Europe and from North America, but well worth the effort considering the successful organization.</p>
