Please state any recommendations for future World Championship events

a) at the same venue:

Use the CNSI club, is the biggest one in South America and could handle alone the ISAF Olympic classes' worlds. Enough space, etc and it could also use help from clubs that are besides them in a short range of 10 min walk, etc. We are talking about 160 hectares of space dedicated to sailing in 50% with other activities, etc.

b) generally in terms class logistic of running a worlds? (not venue specific points)

The Soling class has to run their events where they have local fleets, principal reason is related to an amateur class who can not afford the transport cost of the boat.
