

Offshore Special Regulations

OSR 4.22.4 c) Crew Overboard Identification and Recovery

A submission from FFVoile

Purpose or Objective

To require a sachet of fluoresceine dye in Cat 1,2

Proposal

4.22.4 c) Add: “ MoMu 1,2 “

MoMu0,1,2	4.22.4	In addition to 4.22.3 above, a second lifebuoy equipped with:
MoMu0,1,2	a)	a whistle, a drogue, a self-igniting light and
MoMu0,1,2	b)	A pole and flag. The pole shall be either permanently extended or be capable of being fully automatically extended
MoMu0, <u>1,2</u>	c)	Each lifebuoy shall be equipped with a sachet of fluorescein dye

Current Position

As above, 4.22.4 c) MoMu0

Reasons

- 1 A fluoresceine is a cheap equipment
 - 2 According to SAR pilots, it is very useful to quickly detect a distress by air
-
