## **2. Recommendations Not Based on Submissions**

- a) For Youth and Junior Classes that are recognised on one or more MNA Olympic pathways it would be helpful to ensure that their World and Regional championships are co-ordinated to minimise conflicts both for the sailors and officials. Sailors transitioning from a Junior Class to a Youth Class or a Youth to a Senior Class may wish to undertake events in both their old and new Class.
- b) Following discussions with the Director of Technical and Offshore on events quality, professionalising of race officials and equipment inspection the WSCC recommend that a working party be formed with members of the classes, race officials committee to address the subject.
