

JOB DESCRIPTION

Job/Role Title:	TECHNICAL & OFFSHORE DIRECTOR
Reporting to:	CEO
Location:	World Sailing, 20 Eastbourne Terrace, London

Background

World Sailing is the world governing body for the sport of sailing, officially recognised by the International Olympic Committee (IOC) and International Paralympic Committee (IPC)

World Sailing is responsible for:

- the promotion of the sport internationally;
- managing sailing at the Olympic and Paralympic Games;
- developing the Racing Rules of Sailing and regulations for all sailing competitions;
- the training of judges, umpires and other administrators;
- the development of the sport around the world; and
- representing the sailors in all matters concerning the sport.

The principle members of World Sailing are the 145 'Member National Authorities' (MNAs) and the 100+ 'Class Associations'.

We have a clear and ambitious vision:

A world in which millions more people fall in love with sailing; inspired by the unique relationship between sport, technology and the forces of nature, we all work to protect the waters of the world.

Our mission:

To make sailing more exciting and accessible for everyone to participate or watch, and use our reach and influence to create a sustainable future for our sport and the waters of the world.

Role

The Technical & Offshore Director will have full responsibility for the Technical & Offshore function of World Sailing reporting directly to the CEO.

Key Responsibilities

- Lead a small team of technical specialists to develop and maintain the following areas within World Sailing:
 - Standards to ensure the technical integrity of the sport
 - Quality of equipment and certification within the sport
