

Women's Website Forum Activity Report

The following table is an activity report of the Women's Website from the start of 2004 until 2 November 2004.

Please note that not all topics have been included. Each Website Forum Moderator was encouraged to create a new topic and message at the start of their slot entitled "Forum Moderator" as introduction of the Moderator to the forum users with information on the Moderator's sailing and sailing administrative career as well as role within ISAF.

The number of "views" of messages has been encouraging, however once again not many of these viewers have posted messages.

Topic Heading	Topic Originator	Number of Messages	Number of Views
