CURRENT POSITION:

See above

REASON:

Executive Committee minute 9(a), May 2003 refers:

Subscriptions and Other Fees

Categories of Full Membership

After a discussion at their meetings February 2003 (*minute 7(a)*), the Executive Committee received a proposal from the Secretary General on the subscription categories of full membership. By moving all Full Members down one category and, at the same time, combining the lowest category of members with the Associate Members, the Federation will cut its annual income from Member National Authority (MNA) subscriptions by approx.

Submission: 001-03 (cont.)

50%. The Executive Committee agreed in principle that, dependant on continuing receipt of monies from the International Olympic Committee (IOC); this would be a laudable proposal.

Decision

- (i) The Executive Committee will prepare a submission for consideration by Council in November 2003.
