

### **RRS Case Submissions**

#### Regulation 31.3.1

A submission from the Chairman of the Race Officials Committee

#### Proposal:

Add the following to Regulation 31.3.1:

- 31.3.1 The Racing Rules Committee shall study cases and calls submitted by ~~Member National Authorities~~ **in accordance with Regulation 1** or proposed by the Working Party appointed under Regulation 31.2.1 and calls proposed by the Match and Team Racing Rules Working Party, and shall recommend to the Council those that it approves for publication in the *Racing Rules Cases*, *The Call book for Match Racing*, or *The Call Book for Team Racing*

#### Current Position:

- 31.3.1 The Racing Rules Committee shall study cases and calls submitted by Member National Authorities or proposed by the Working Party appointed under Regulation 31.2.1 and calls proposed by the Match and Team Racing Rules Working Party, and shall recommend to the Council those that it approves for publication in the *Racing Rules Cases*, *The Call book for Match Racing*, or *The Call Book for Team Racing*.

#### Reason:

There is no justification for limiting Case submissions versus rule or any other Submissions. Specifically the Race Officials Committee receive reports from events by International Juries that contain useful cases but as they are not subject to appeal bypass national authorities. It would be helpful to submit selected cases for inclusion in the Case and Call Books.
