

Continental Associations

Affiliation Mediterranean Sailing Union

A submission from the Cyprus Yachting Association
Federation Française de Voile
Hellenic Yachting Federation
Italian Sailing Federation
Royal Spanish Sailing Federation
Tunisian Sailing Federation
Yacht Club de Monaco

Proposal:

The above mentioned ISAF Member National Authorities, members of the Union Mediterranean de Voile/Mediterranean Sailing Union, support the application for Affiliation lodged by the union Mediterranean de Voile/Mediterranean Sailing Union, and ask that the UMV-MSU be Affiliated to ISAF as a Continental Association.

Since however the UMV-MSU complies with all the criteria contained in ISAF Regulation 2.24, except 2.34(a) because its members are ISAF Member National Authorities existing in 3 Continents (Europe, Asia and Africa) instead of one, in case it be deemed that regulation 2.34 (a) is not satisfied, the above mentioned MNAs alternatively support the alternative application for Affiliation to ISAF lodged by the Union Mediterranean de Voile/Mediterranean Sailing Union, according to ISAF Constitution Article 5(d).

Current Position:

The UNV/MSU has applied for affiliation to ISAF

Reason:

The UMV-MSU comprises 14 shore countries out of the 21 that surround the Mediterranean, that is two thirds.

The MSU object is:

- 2.1 to contribute in the broadest possible promotion of the practice of sailing in the Mediterranean basin;
- 2.2 to establish the necessary and useful contacts between the Federations for the promotion and development of the practice of sailing and to strengthen the friendship links between all sailors and managers;
- 2.3 to watch over the right enforcement of the rules and regulations of the International Sailing Federation (ISAF);
- 2.4 To coordinate the programmes of activities of the Federations for the establishment and harmonization of the competitions calendar of the Federations;
- 2.5 To help, in close collaboration with the concerned continental Committee, the management of the competitions which will occur in that area;
- 2.6 To establish the annual Mediterranean Conference agenda;

- 2.7 To promote the system of competitions realised in the countries of that area;
- 2.8 To solve and to take all useful decisions concerning the litigious cases or disagreements which could occur during the sailing practice between Federations;
- 2.9 To elaborate a charter for the respect of environment by all sailors of the Federations.

An official applications for the Affiliation has been lodged by the UMV/MSU, accompanied by the UMV-MSU Constitution, the regulations and the list of members.
