ISAF Calendar of Events

Regulation 18.10

A submission from La Fédération Française de Voile

PROPOSAL:

That Regulation 18.10 is strictly applied, so that there is the necessary time between the events to allow competitors to participate in all these events.

CURRENT POSITION:

Regulation 18.10 (Application Date) reads:

18.10 ISAF classes shall present no later than 01 August the dates for the World and Continental Championships for the following Year.

REASON:

In 2004, many events from the ISAF calendar make sailors uneasy in participating in protected Grade 1 events such as Kieler Woche, Semaine Olympique Française, or Spa Regatta.
