

Racing Rules of Sailing

Appendix J

A submission from the Offshore Committee Chairman

Proposal:

Change J1.1 (3) to read:

“a list of any other documents that will govern the event for example, the Equipment Rules of Sailing, **the Offshore Special Regulations (stating category)** etc., to the extent that they apply, stating where or how each document or a copy of it may be seen.”

Current Position

“a list of any other documents that will govern the event (for example, the Equipment Rules of Sailing, to the extent that they apply), stating where or how each document or a copy of it may be seen.”

Reason:

No mention of the Offshore Special Regulations is currently made in RRS

The Offshore Special Regulations, now administered by ISAF, comprise an important basic rules document used in many races. Appendix J is a helpful *aide memoire* which for the sake of completeness should include specific reference to the Offshore Special Regulations.
