Class Rule Changes

A submission from the International Moth Class

PROPOSAL:

Add new rule 8.4 to read as follows:

8.4 For sails that enclose the mast, an upper measurement band is not required. For the purpose of rule 8.3, the measurement point for the lower edge of the upper mast band shall be defined as the upper most part of the mast. A minimal amount of webbing or similar, used to secure the head of the sail, shall be disregarded for the purpose of rule 8.

CURRENT POSITION:

[None]
