Note: the addition of Development and Regions Committee and Youth Events Sub-Committee is linked to the relevant separate submission.

Current Position

Regulations 6.7.3(f)

Reason

The Terms of Refence of the Equipment Committee state in 6.5.2(a) that committee members will be appointed. In 6.5.2(b)(iv) it states that specialist expertise will be represented by a representative of the World Sailing Classes Committee.

The same applies for the Terms of Reference of the Equipment Rules Sub-Committee in regulations 6.5.5.1 and 6.6.6.2(b)(iv).

Similarly, the Terms of Reference of the Racing Rules Committee in regulation 6.11.5 use the wording "The Chairman of the Racing Rules Committee shall appoint the representatives to the Equipment Committee and the Equipment Rules Sub-Committee".

Similarly, the Terms of Reference of the Para World Sailing Committee in regulation 6.4.5(i) use the wording "appoint the Para World Sailing Committee representatives to the Equipment Committee, the Equipment Rules Sub-Committee and the Regional Games Sub-Committee".

This submission makes the wording consistent across the regulations and Terms of Reference.

Further, the submission clarifies that all members appointed to other committees must be representatives of a World Sailing Class and not external specialists.
