**Equipment Rules of Sailing**

New Definition Spinnaker and Headsail

A submission from the Chairman of the Equipment Committee

**Purpose or Objective**

To add new definition to define a spinnaker and Headsail

**Proposal**

Add new definition of spinnaker, ERS G.1.3.(f) as follows;

\[
\text{G.1.3.(f) SPINNAKER}
\]

A sail set forward of the mast spar or of the foremost mast spar if more than one mast, where the measurement between the half luff point and the half leech point is equal or greater than 75% of the foot length.

Amend definition of headsail, ERS G.1.3.(d) as follows;

\[
\text{G.1.3.(d) HEADSAIL}
\]

A sail set forward of the mast spar or of the foremost mast spar if more than one mast, where the measurement between the half luff point and the half leech point is less than 75% of the foot length.

**Current Position**

See above.

**Reason**

To define a spinnaker.
