Equipment Rules of Sailing

Definition Wingspan

A submission from the Chairman of the Equipment Committee

Purpose or Objective
To bring consistency with other sections

Proposal
Amend the Definitions of Wingspan, ERS C.6.4(i), and relocate it to a new section E.2 incorporating other new definitions as follows;

E.2 HULL APPENDAGE MEASUREMENT DEFINITIONS

E.2.1 HULL APPENDAGE WEIGHT

The weight of the hull appendage.

C.6.4 (i) E.2.2 WINGSPAN

The maximum transverse distance between the outermost points of any winglets or a hydrofoill wings.

Current Position
See above.

Reasons
To bring consistency with other sections and consider the new definitions.
