

Equipment Rules of Sailing

C.6.3(c) Flotation Trim

A submission from the Chairman of the Equipment Committee

Purpose or Objective

To create a new ERS definition of Flotation Trim.

Proposal

Insert new C.6.3(c) rule and re-order remaining rules accordingly:

(c) FLOTATION TRIM

Trim achieved with the **boat** floating in accordance with H.7.1 – Conditions for Weight and Flotation Measurement.

Current Position

None

Reason

1. To create a new definition of flotation trim which invokes the new definition of Conditions for Flotation Measurement. This is particularly useful for rating systems where the flotation trim is used for rating calculation purposes.
-
