The Equipment Rules of Sailing

F.1.6(b) Running Rigging

A submission from the Chairman of the Equipment Committee

Purpose or Objective

To amend the “running rigging” definition to better reflect the ordinary meaning of the term.

Proposal

F.1.6 Rigging Types

(b) RUNNING RIGGING

Rigging primarily used to trim adjust a spar, and/or a sail or a hull appendage.

Current Position

As above.

Reason

To include rigging used to trim a hull appendage.
