The Equipment Rules of Sailing

G.1.4(i) Dart

A submission from the Chairman of the Equipment Committee

Purpose or Objective
Clarification.

Proposal

(i) DART
Overlap where an area cut out of one ply is joined.
An overlap formed at a sail edge by joining the ply edges of a cut out in the body of the sail.

Current Position
As above.

Reason
The current definition suggests that the removed ply is joined and not the sail edges created by a piece of ply being removed.
