

Equipment Rules of Sailing

F.2.3(k) HEADSAIL HOIST HEIGHT

A submission from the Chairman of the Equipment Committee

Purpose or Objective

To create a new ERS definition of Headsail Hoist Height.

Proposal

Add new rule as follows and renumber remaining rules accordingly:

(k) HEADSAIL HOIST HEIGHT

The distance between the **mast datum point** and the intersection of the **spar** and the lower edge of the **headsail halyard**, when at 90° to the **spar**, each extended as necessary.

Current Position

None

Reason

1. Headsail Hoist Height is controlled and measured in some classes.
