2016 Olympic Sailing Competition - Events
Regulation 16.1.5

A submission from the Fédération Française de Voile

Proposal:
To add a new Regulation to be applied for 2016 Olympic Games

16.1.5 (a) (vi) must make sure that the five main disciplines in sailing will be Represented at the Olympic Games. The five disciplines are:

- Windsurfing
- Dinghy single-handed
- Dinghy double-handed
- Keelboat
- Multihull

Current Position:
Decision made for 2012 Olympic Games:

Men
Windsurfer
One person dinghy
One person dinghy – heavy
Two person dinghy
Two person dinghy high performance
Keelboat

Women
Windsurfer
One person dinghy
Two person dinghy
Keelboat Match Racing

Reason:
The unexpected effect of the decision made in November 2007 is that Multihull discipline disappears from the sailing events of the 2012 Olympic Regatta.
The five disciplines constituting sport sailing activity should be represented at the Olympic Games.

RECOMMENDATION FROM THE REPORTING COMMITTEE

Events Committee
Recommendations to Council : Defer

OPINION FROM THE OTHER COMMITTEES

Constitution Committee
Opinion: No Recommendation
The Constitution Committee has not considered the wording of the following submissions as Council needs to decide the policy and the Constitution Committee will then draft the appropriate Regulations:
084-08, 085-08, 086-08, 087-08, 088-08, 089-08
However, the Constitution Committee would like Council to note the following comments on these submissions:

• The event descriptions should reflect the current ISAF event terms, ie one person dinghy, rather than single-handed dinghy.
• 084-08 - The Constitution Committee would like to point out that there is no accepted definition of “main disciplines”.

Equipment Committee
Opinion: Defer

Executive Committee
Opinion: Reject
This proposal is considered to be too prescriptive. The Executive Committee favours submission 82-08 to establish a strategy.

Women's Sailing Committee
Opinion: No Recommendation
The Women's Sailing Committee supports the intent of the submission to review the events. However, given the view that there needs to be freedom to review the overall strategy on Olympic events and equipment, without constraint, that this submission, with submissions 085-08, 086-08, 087-08, 088-08 and 089-08 be considered by the Olympic Advisory Commission proposed in Submission 082-08.
