

Youth Sailing World Championships

Equipment for the Boys and Girls Windsurfer Events

A submission from the Techno 293 Class Association

Purpose or Objective

To provide an option for the selection of equipment to be used at the Youth Sailing World Championships.

Proposal

Boy's Windsurfer – RS:X (with the 8.5m rig) **or Techno 293 Plus (with the 8.5m rig)**

Girl's Windsurfer – RS:X (with the 8.5m rig) **or Techno 293 Plus (with the 8.5m rig)**

Current Position

As above

Reasons

1. Techno 293 Plus equipment is both durable and affordable, and distributed worldwide.
 2. Techno 293 and Techno 293 Plus are both pathway classes to the Olympic windsurfing class.
 3. Techno 293 Plus was equipment selected for the 2018 Youth Olympic Games, where both the Class Association and the equipment supplier proved to be reliable partners for World Sailing.
