The Equipment Rules of Sailing

G.3 SAIL CORNERS

A submission from the Chairman of the Equipment Committee

Proposal

Section G, Subsection A – Trilateral Sails

Amend as follows:

G.3 SAIL CORNERS

G.3.1 Clew
The area region where the foot and the leech meet.

G.3.2 Head
The area at the top region at the top.

G.3.3 Tack
The area region where the luff and the foot meet.

Section G, Subsection B – Additions for Other Sails

G.3.4 Peak
The area region where the head and the leech meet.

G.3.5 Throat
The area region where the head and the luff meet.

Current Position

As above.

Reason

Amend wording to make more consistent with other rules and clarify that it is a region rather than an area which may confuse as it implies it is a measurement.
