**ISAF Sailing World Cup**

**RS:X Class Racing Format**

A submission from the RS:X Class

**Proposal**

ISAF Sailing World Cup Event Organisers shall use the RS:X Class approved racing format (number of races and the configuration of the course).

**Current Position**

The proposal is not included in the World Cup racing format.

**Reason**

1. This format (number of races per day) is based on the recommendations of an ISAF medical investigation for the windsurfing classes.

2. The slalom end of the course configurations is based on ISAF decision.
