Olympic Sailing Competition 2016

Qualification Quota Positions

A submission from the Ministry of Sports Affairs - Oman

Proposal

That 15% of the quota positions for the 2016 Olympic Regatta be allocated to the preceding Asian Games as follows:

1. Single handed mens dinghy
2. Doublehanded mens dinghy
3. Windsurfer men and women

Current Position

All quota positions are decided by world championship events

Reason

To maintain a more equitable representation, this action would ensure that more Asian countries could qualify for the Olympic sailing regatta. In addition it would give greater importance to this regional game and encourage more developing and emerging national authorities to enter the Asian Games Sailing Regatta. This percentage represents approximately the number of Asian countries in the ISAF.
