**ISAF Youth Sailing World Championship**

**Regulation 24.4.9 - Housekeeping**

A submission from the Chairman of the Events Committee

**Purpose or Objective**

To change the name of the Open High Performance Event to Open Skiff Event to be more consistent with the event term in the Olympic Programme.

To remove the date of effect in the change in equipment in the Boys One Person Dinghy Event from the Laser to the Laser Radial.

**Proposal**

Amend Regulation 24.4.9 as follows:

The Classes for the ISAF Youth Sailing World Championships are:

- Boy’s One Person Dinghy – Laser Radial (with effect from 2009)
- Girl’s One Person Dinghy – Laser Radial or Byte
- Boy’s Two Person Dinghy – 420
- Girl’s Two Person Dinghy – 420
- Boy’s Windsurfer – RS:X with the 8.5m rig
- Girl’s Windsurfer – RS:X with the 8.5m rig
- Open **Skiff High Performance Dinghy** – 29er
- Open Multihull – Hobie 16 with spinnaker or Sirena SL16

Pursuant to Regulation 24.1.2, no class shall remain on the approved list for more than four years without obtaining ISAF Class status.

**Current Position:**

As above.

**Reasons**

There are two pieces of “housekeeping” proposed: the removal of the historical note on when the Laser Radial was introduced for boys; and the use of the term “skiff” in place of “high performance” consistent with the terminology in regulation 23.1.4 (selection of Olympic Events and Equipment).
