Sailor Classification Code

Change of Terminology – Regulation 22

A submission from the Chairman of the Para World Sailing Committee

Purpose or Objective

To clarify use of term “Classification” by World Sailing. Currently, the term “Classification” is governed by two separate and unrelated Codes, causing inevitable confusion for sailors, MNAs and OAs.

To address the current conflict in the use of the term “classification” within World Sailing by only using the term Classification to designate the process of evaluating disabled athletes by National or International Classifiers and allocating their “Class” and “Status” for competition, as required by the International Paralympic Committee (IPC) for all Paralympic/disabled sports.

To provide a new and practical version of the Regulations Appendix 4, “World Sailing Sailor Classification Code” that determines the professional designation of a sailor as Group 1 (Amateur) or Group 3 (Professional).

Proposal 1

To change the current version of Regulation 22 Appendix 4 WORLD SAILING SAILOR CLASSIFICATION CODE to:

REGULATIONS

APPENDIX 4 – WORLD SAILING SAILOR CLASSIFICATION CATEGORIZATION CODE

22. WORLD SAILING SAILOR CATEGORIZATION CLASSIFICATION CODE

General

The World Sailing Sailor Classification Categorization Code exists as a service to provide events and classes with an international system of Classification Categorization for sailors.

Events and classes are not under any obligation to use a Classification Categorization system but should they wish to do so the World Sailing Code is the only system that shall be used. When using the Code, they are under an obligation to properly administer and implement the Code.

Events organized for boats currently selected as equipment for the Olympic Sailing Competition shall not include any provision, whether in class rules, the notice of race or the sailing instructions preventing sailors from taking part, whatever their Classification Categorization.

When the World Sailing Sailor Classification Categorization Code is selected for an event it shall be stated in the notice of race unless already stated in the class rules.
The display of advertising on a boat or equipment does not influence the competitor’s Classification Categorization in this Code.

The display of Advertising by the competitor in accordance with Regulation 20.3 even if payment is received for it, does not influence the sailor’s Classification Categorization in this Code.

**Competitor Classification Categorizations**
22.2 The Classification Categorizations of competitors are to be determined as follows:

22.2.1 Group Category 1

(a) A competitor who takes part in racing only as a pastime is a Group Category 1 competitor, unless within the qualification period he/she has undertaken one of the activities listed in Regulation 22.2.2 and is a Group Category 3 competitor.

(b) However:
   (i) a competitor who is under 18 years of age is a Group Category 1 competitor; and
   (ii) a competitor who is over 18 years of age, but under 22 years of age, or 70 years of age and over, is a Group Category 1 competitor provided that he/she has not engaged in any of the activities listed in Regulation 22.2.2 for more than 100 days (for the avoidance of doubt this is calculated on the total period of paid work) in the qualification period (excluding any activities undertaken before his/her 18th or after his/her 70th birthday respectively).

22.2.2 Group Category 3

A Group Category 3 competitor is a competitor who, within the Qualification Period (a) has been paid for work that includes competing in a race; and/or

(b) has been paid for work that includes coaching, managing, training, practising, tuning, testing, maintaining or otherwise preparing a boat, its crew, sails or performance enhancing equipment for racing, and then competed on that boat, or in a team competition, in a boat of the same team; or

   (iii) then competed on that boat, or in a team competition, in a boat of the same team.

However, a Group Category 1 competitor who, as an owner of a boat, is occasionally paid a charter fee to provide that boat for a racing competition shall remain a Group Category 1 competitor if he/she does not steer that boat in the competition. If the competition is a team event this dispensation shall only apply if he does not steer any boat in the same team as the boat chartered; or

(d) has been paid for work, in a marine business or organization which require knowledge or skill:
   (i) that is capable of enhancing the performance of a boat in a race; and
   (ii) which can be utilized by the competitor whilst on board a boat when racing; or

(e) has been paid for work that includes the coaching of:
   (i) any competitor, crew or team to prepare for or compete in any of the following:
       - The Olympic and Paralympic Sailing Competitions and Qualifying Events
       - Regional Games;
       - America’s Cup Match, Acts and Series;
- Grade WC or Grade I Match Racing Events;

(g) has publicly identified himself or herself as a Group Category 3 competitor or as a professional racing sailor.

22.2.3 Group Category 3

If a Group Category 3 competitor has raced in an Olympic Sailing Competition, a Volvo Ocean Race or any racing which forms part of the events connected with the America’s Cup (as determined by the Commission (which shall issue prior written notice of such determinations), whether or not the competitor was Group Category 3 at that time, then:

(a) the competitor shall be a Group Category 3 competitor for a period of at least five years from that event notwithstanding that he may otherwise be entitled to a Group Category 1 Classification Categorization during that time;

(b) at the end of the five-year period, the normal Qualification Period shall be applied when assessing the competitor’s Classification Categorization; and

(c) this Regulation shall not apply to any racing in the listed events by a competitor prior to 1 December 2011 and the Commission may on a transitional basis exempt certain racing from the effect of this Regulation.

22.3 Classification Categorization Procedures and Requirements

22.3.1 A competitor may be required to be a member of his/her MNA to hold a valid World Sailing Sailor Classification Categorization.

22.3.2 A competitor applying for, or holding, a Classification Categorization shall comply with the following requirements: He/she shall

(a) not hold, nor apply for, more than one Classification Categorization;

(b) not take any action or act in a manner which is contrary to the spirit or purposes of the Code or which is a subterfuge for circumventing the Code;

(c) at all times fully and freely disclose all relevant information to the Classification Categorization Authority (whether or not specifically asked for);

(d) not provide the Classification Categorization Authority with information that is false, misleading or potentially misleading;

(e) immediately notify the Classification Categorization Authority of any change in his circumstances which affects, or may affect, his Classification Categorization status; and

(f) if a Group Category 1 competitor, he shall not engage in any activities
which are incompatible with Group Category 1 status unless he has notified the Classification Categorization Authority of a potential change of Classification Categorization.

22.3.3 If the Classification Categorization Authority has good reason to believe that a competitor has breached any provision of the Classification Categorization Code, it may immediately change, suspend or cancel his/her Classification Categorization (or in the case of an application for Classification Categorization, may decline to issue a Classification Categorization).

22.3.4 A competitor, having read this Code, shall declare his or her correct Classification Categorization by personally completing a form approved by World Sailing and submitting it to the Classification Categorization Authority.

22.3.5 There is no fee. The Classification Categorization Authority shall review each form and confirm or correct the competitor’s Classification Categorization within 28 days of receiving all necessary information. It may ask the competitor to supply further information or may itself seek further information from any source. However, if the application for Classification Categorization is received within seven (7) days of any specific event deadline, a fee will be charged at the time of such application. If such application is received within 48 hours of the event deadline, a higher fee will be charged. The fees charged will be in accordance with published rates.

22.3.6 A Classification Categorization, once issued, shall remain in force for two years, unless the Classification Categorization is previously changed, suspended or cancelled by the Classification Categorization Authority.

(a) because the competitor has submitted a form indicating that his or her Classification Categorization has changed; or

(b) because the Classification Categorization Authority believes it has good reason to do so; or

(c) as a result of an appeal requested by the competitor under Regulation 22.3.7.

However, when a competitor would have been classified as Group Category 3 but for Regulation 22.2.1(b) the Classification Categorization Authority may issue a Classification Categorization that shall only remain in force up to his 24th birthday.

22.3.7 When a competitor does not agree with a decision made by the Classification Categorization Authority which affects his Classification Categorization (except the making of a report under RRS 69), the competitor may appeal to the Classification Categorization Authority within 60 days of the decision using the process on the World Sailing website or by such other method as shall be notified in the World Sailing Yearbook. An appeal shall state the grounds on which the competitor believes the decision was incorrect.

(a) Appeals shall be considered by three members of the Classification Categorization Authority (the Appeal Panel) who were not party to the decision No more than two shall be from the same country.

(b) The Appeal Panel will consider the appeal and review the information in the appeal, the decision and any previous application and where necessary ask for more information from the competitor, from the original reviewers, or from any other source. It may uphold, change or reverse the decision, dismiss the appeal or declare it invalid.

(c) The Appeal Panel having made its decision after receiving all necessary information will inform the competitor of its decision in writing. A fee may be
payable.

(d) The decision of the Classification Categorization Authority shall be binding on the competitor until the decision of the Appeal Panel is published.

(e) Subject to the provisions of Regulation 35, the decision of the Appeal Panel shall be final.

22.3.8 The Classification Categorization Authority may decline to issue a Classification Categorization or may suspend a current Classification Categorization when the competitor has been penalized under RRS 69 for a Classification Categorization matter. Such refusal or suspension shall not be longer than the period during which the competitor’s eligibility is suspended under Rule 69.

22.3.9 World Sailing will maintain and publish on a website a list of the Classification Categorizations of competitors. The list will state the status or expiry date of the Classification Categorization.

22.3.10 Information provided by the competitor or from any other source shall be kept confidential within the Classification Categorization Authority and the Executive Office and not disclosed to any other person except to an international jury or Member National Authority which has been sent a report by the Classification Categorization Authority concerning the competitor’s Classification Categorization or sent a report under RRS 69 and then only after notifying the competitor through the Classification Categorization process.

However, when the Classification Categorization Authority makes a decision under Regulation 22.3.6 shortly before or during an event it may provide the class association and/or the organizing authority with a summary of the reasons for its decision.

22.4 Event Procedures

22.4.1 The entrant shall give to the organizing authority, no later than the Crew Deadline in the notice of race, a crew list stating the World Sailing User ID and Classification Categorization of each competitor. The crew list may comprise more competitors than will take part in any one race, in which case the entrant shall also give the organizing authority, no later than the Crew Deadline in the notice of race, a crew list for each race.

22.4.2 An entrant wishing to use a competitor not included in the initial crew list shall submit to the organizing authority a revised crew list no later than the Crew Deadline when no change to the crew is permitted after that time, otherwise as soon as possible.

22.4.3 The organizing authority will display the latest crew lists on the official notice board as soon as possible after the Crew Deadline.

22.4.4 The notice of race, sailing instructions or class rules may alter these arrangements.

22.4.5 An entrant is responsible for their crew under Regulation 22 and as such by entering their crew list in any event using Sailor Classification Categorization is also subject to the jurisdiction of the rules (including the appeal and review procedures provided in them). By submitting a crew list an entrant declares that they have done this in full knowledge and responsibility of compliance with these requirements for the event.

Protest Grounds and Procedures

22.5.1 After the Crew Deadline a boat may be protested on the grounds that:

(a) when Classification Categorization for a competitor was applied for, information that should have led to a higher Classification Categorization was not disclosed;
or

(b) a competitor has, since being classified, engaged in activities incompatible with the classification and that the boat would break the crew limitations in the notice of race, sailing instructions or class rules were the classification to be corrected. The time limit for a boat to protest is the Protest Time Limit, or, if later, 24 hours after the posting of a changed crew list. The sailing instructions may state a different time limit.

22.5.2 When a protest is upheld, and:

(a) the boat has not yet raced in the event, the boat will not be penalized; but if
(b) the decision to uphold the protest is made after the boat has raced in the event, the boat shall be disqualified from all races already completed except when the protest arises from a report as set out in 22.5.6 in which case 22.5.6 shall apply.

The boat shall not race with that competitor as crew, unless the sailing instructions permit a change of crew after the Crew Deadline and then only when the protest committee is satisfied that the boat meets the crew limitations.

22.5.3 The protestee is entitled, on request, to present evidence of a personal or private nature in the absence of the protestor, and the protest committee shall not record that evidence in the protest decision. When the protest committee, on hearing the evidence, is not satisfied that it is of a personal or private nature, it shall disregard the evidence unless it is offered again in the presence of the protestor. This changes RRS 63.3(a).

22.5.4 When the protest committee is in doubt as to the classification of a competitor, it may refer its facts found to the classification authority and shall be governed by the decision by the classification authority on those facts.

22.5.5 The protest committee shall report within 14 days its decision to the classification authority. If a competitor has given evidence under Regulation 22.5.3 the protest committee shall also report within 14 days a summary of that evidence to the classification authority.

22.5.6 When the classification of a competitor has been changed, suspended or cancelled during an event in accordance with Regulation 22.3.6(b) the new classification may be backdated by the classification authority to the commencement of the event. When as a result a boat may have broken a crew limitation rule, the classification authority shall report its decision in writing to the race committee which shall protest the boat. Any penalty shall be at the discretion of the protest committee.

Any question can be sent to World Sailing by email to Categorization@sailing.org
Reasons

1. There is a direct conflict with use of the term "Classification" within World Sailing and IPC terminology and Classification Code. As an IF, World Sailing cannot change IPC language.

   “Classification” is a term, required by the International Paralympic Committee (IPC) for all Paralympic/disabled sports, used to designate the process of evaluating disabled athletes by National or International Classifiers and allocating their “Class” and “Status” for competition.

   “Classification” is a term used by World Sailing in the World Sailing Sailor Classification Code to allocate a Group status to sailors according to the terms of that Code.

2. There is already an IPC Classification Code in existence that imposes obligations on International Federations/Organizations including World Sailing that are part of the IPC family. World Sailing is not permitted to alter the definition of the IPC Classification Code.

3. There is a need to update the current wording within Regulation 22 Appendix 4 to reflect:

   a. World Sailing as the Authority for determining the Group/Category designations of sailors who wish to compete in events that require World Sailing to examine the eligibility based on compensation and remuneration received by the sailor.

   b. The accurate description in keeping with the application for and assignment of a group/category designation.

Proposal 2

If Proposal 1 is approved, change all other references in the Regulations and Racing Rules from “Classification” as referred to in the Sailor Classification Code – Regulation 22 to “Categorization” and references to the sailor classification status from “Group” to “Category”.

Current Position

As above.

Reasons

Same reasons as in Proposal 1, to eliminate any conflict between World Sailing and IPC terminology.
