**Equipment Rules of Sailing**

Clarify Mast Tip Weight Definition

A submission from the Chairman of the Equipment Committee

**Purpose or Objectives**

To clarify the definition of mast tip weight and the condition in which the measurement shall take place.

**Proposal**

Delete and replace ERS F.2.3(r) as follows;

F.2.3(r) MAST TIP WEIGHT

The weight at the **upper point** when the **mast** is horizontal and supported at the **lower point**.

See H.4.6

**Current Position**

F.2.3(r) MAST TIP WEIGHT

The weight of the **mast** measured at the **upper point** when the **spar** is supported at the **lower point**.

See H.4.6

**Reason**

To clarify the definition of mast tip weight and the condition in which the measurement shall take place.
