

Racing Rules of Sailing

The Call Book for Match Racing & the Call Book for Team Racing – Insert Prefix

A submission from the Chairman of Racing Rules Committee

Purpose or Objective

Align the format of the two call books.

Proposal

This submission assumes the submission about restructuring The Call Book for Match Racing is approved.

Insert a prefix (MR or TR) in front of each call in the two books.

Current Position

There is no such prefix.

Reason

As both call books will have similar sections, a prefix in front of each call will avoid uncertainty about whether a particular call is a match race or team race call.
